### PROJECTS

- SCIL – Dare to Learn Lean Service Creation Workshop**  
SEPTEMBER 2017, FUTURICE / TAMPERE3 CONSORTIUM  
I facilitated educators at Lean Service Creation workshop theme being Smart Campus for Tampere3 in Dare to Learn conference at Kaapeli Tehdas for intensive two hours.
- LLB Student Software Competition**  
AUGUST 2017 – JUNE 2017, UNIVERSITY OF TAMPERE  
Kiva kaupunki app for bus users for tagging places they enjoy and places that need attention from city planning offices. "With different pros and cons the jury found on multiple apps, the jury chairman decided to divide the first prize between the three teams. Thus, each team will receive 200 € and a diploma."
- Experience-Driven Design (EDD) project course**  
OCTOBER 2016 – DECEMBER 2016, HCI PROGRAM UTA / TUT  
Weekkiss, app and hardware to increase motivation with kids in household chores. Using gamemechanics, with "questing" tasks and giving instant rewards of allowance by hardware
